THE PRE-SOLD CONTENT VAULT™

24

PLUG-AND-PLAY CONTENT PROMPTS

4 CONTENT JOBS

1 PRE-SALES SYSTEM

Build authority. Create desire. Make the sales conversation feel like the next step - not the first.

CONTENT SHOULD DO MORE THAN GET ATTENTION.
IT SHOULD BUILD THE YES BEFORE THE CALL.

Use the Vault to create content that deliberately moves a prospect through four pre-sales jobs:

01	02	03	04
AUTHORITY	**PROBLEM**	**DESIRE**	**CONFIDENCE**
Trust you	See the need	Want your way	Believe it can work

CONTENT → TRUST → DESIRE → YES

START HERE

Your content has a job before it has a CTA.

Pre-sold content reduces uncertainty before a prospect ever speaks to you. It gives them reasons to trust you, recognize the problem, want the solution and believe they can move forward.

You do not need content that "performs."
You need content that changes what the buyer believes.

01 TRUST

Do I believe you understand this?

AUTHORITY

02 RELEVANCE

Is this actually my problem?

PROBLEM AWARENESS

03 DESIRE

Do I want this solution?

OFFER DESIRE

04 CONFIDENCE

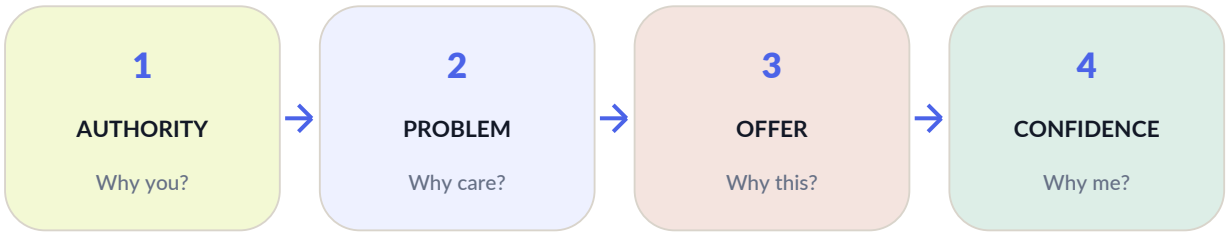

Can this work for me?

BUYER CONFIDENCE

THE SYSTEM

The Pre-Sold Effect™

A prospect rarely needs “more information.” They need the right questions resolved in the right order.

A SIMPLE WEEKLY RHYTHM

Use one prompt from each category. You are not posting four random things - you are moving the buyer through four decisions.

MON	WED	FRI	SUN
AUTHORITY	PROBLEM	OFFER	CONFIDENCE
Build trust	Create recognition	Create desire	Reduce hesitation

THE RULE

Teach enough to create clarity. Show enough to create belief. Leave enough space for the right prospect to want the next conversation.

AUTHORITY CONTENT

Make people trust the way you think before you ask them to buy anything.

01 THE HILL I'LL DIE ON

POV / CAROUSEL

PROMPT

Take a commonly accepted belief in your industry and explain why you no longer agree with it. Replace it with the principle you actually use with clients.

HOOK STARTERS

- "I don't believe you need more ___ to get ___."
- "The advice I would stop following today: ___."

PRE-SELLS

AUTHORITY | POINT OF VIEW

CTA

Ask: "What would you replace this with?"

02 THE PATTERN I CAN'T UNSEE

INSIGHT POST

PROMPT

Share one pattern you have noticed repeatedly across clients, prospects or projects - especially one they usually cannot see themselves.

HOOK STARTERS

- "After seeing this across ___ clients, I can't unsee it."
- "Whenever ___ happens, I look for this first."

PRE-SELLS

EXPERTISE | PATTERN RECOGNITION

CTA

Invite them to check whether the pattern exists in their business.

03 THE STANDARD BEHIND MY WORK

FOUNDER POV

PROMPT

Reveal one non-negotiable standard you refuse to compromise on and explain how it changes the quality of the outcome.

HOOK STARTERS

- "One thing I will never do just to get a faster result..."
- "This is the standard behind every ___ we build."

PRE-SELLS

TRUST | QUALITY

CTA

Ask which standard matters most to them when choosing support.

AUTHORITY CONTENT

Authority is not volume. It is the repeated experience of seeing good judgment.

04 MY DECISION FILTER

FRAMEWORK POST

PROMPT

Show the simple filter you use to make an important decision in your area of expertise. Let the audience borrow your thinking, not just your conclusion.

HOOK STARTERS

- “Before I say yes to ___, I ask these 3 questions.”
- “My fastest decision filter for ___.”

PRE-SELLS

JUDGMENT | METHOD

CTA

Give them the filter and ask them to test it today.

05 PROOF WITHOUT THE PARADE

CASE STORY

PROMPT

Tell a short client story where the most impressive part is the decision, insight or shift that created the result - not the result number itself.

HOOK STARTERS

- “The breakthrough happened before the result showed up.”
- “What changed everything wasn’t more effort. It was this decision.”

PRE-SELLS

PROOF | DEPTH

CTA

Close with: “This is the kind of shift I look for first.”

06 IF I STARTED AGAIN

FOUNDER LESSON

PROMPT

Imagine you lost the audience, the systems and the momentum. Explain the first three things you would rebuild - and what you would deliberately ignore.

HOOK STARTERS

- “If I had to rebuild from zero tomorrow…”
- “I would NOT start with ___.”

PRE-SELLS

EXPERIENCE | PRIORITIES

CTA

Ask what they would remove from their current plan.

PROBLEM AWARENESS

Create recognition. The right buyer should feel accurately understood, not aggressively persuaded.

07 SYMPTOM VS. SOURCE

DIAGNOSTIC

PROMPT

Take a visible symptom your buyer complains about and trace it to the deeper issue actually creating it.

HOOK STARTERS

- “You may think the problem is ___. It’s usually ___.”
- “This is the symptom. Here’s the source.”

PRE-SELLS

PROBLEM CLARITY | RELEVANCE

CTA

Invite them to identify which side they are currently fixing.

08 THE HIDDEN TAX

COST BREAKDOWN

PROMPT

Show the quiet cost of leaving the problem unresolved: time, missed opportunities, team friction, inconsistent revenue, energy or confidence.

HOOK STARTERS

- “The expensive part of ___ isn’t what you think.”
- “What is this actually costing you every month?”

PRE-SELLS

URGENCY | AWARENESS

CTA

Ask them to calculate one cost they have been ignoring.

09 THE FALSE FIX

MYTH-BUST

PROMPT

Call out a popular tactic that can temporarily mask the problem but does not solve the underlying constraint.

HOOK STARTERS

- “___ can make this look better without making it better.”
- “If you keep fixing ___ with ___, this is what happens.”

PRE-SELLS

DISCERNMENT | PROBLEM DEPTH

CTA

Offer the first thing they should examine instead.

PROBLEM AWARENESS

The buyer moves when the problem becomes clearer than the comfort of staying the same.

10 THE SELF-DIAGNOSIS

CHECKLIST

PROMPT

Create a short list of observable signs that tell someone they have the problem - without needing an expert to diagnose it for them.

HOOK STARTERS

- “5 signs your ___ problem is actually a ___ problem.”
- “If 3 of these are true, pay attention.”

PRE-SELLS

SELF-RECOGNITION | RELEVANCE

CTA

Ask them to save it and count how many apply.

11 WHY IT WORKED BEFORE

STAGE SHIFT

PROMPT

Explain why a strategy, offer or system that once worked can stop producing the same result as the business evolves.

HOOK STARTERS

- “Nothing is wrong with what worked before. You may have outgrown it.”
- “The strategy didn’t fail. The stage changed.”

PRE-SELLS

MATURITY | TIMING

CTA

Ask what part of their business has outgrown its old solution.

12 THE WRONG QUESTION

REFRAME POST

PROMPT

Take the question your buyer keeps asking and replace it with the question that would move them closer to a useful decision.

HOOK STARTERS

- “Stop asking ‘How do I ___?’ Start asking ___.”
- “The question keeping you stuck is ___.”

PRE-SELLS

CLARITY | REFRAME

CTA

Invite them to answer the better question in one sentence.

OFFER DESIRE

Make the value legible. Desire grows when the buyer can see the mechanism, path and difference.

13 THE MECHANISM REVEAL

TEACHING POST

PROMPT

Explain the mechanism behind how your solution creates change. Make the logic visible so the result feels less mysterious and more believable.

HOOK STARTERS

- “Here’s what actually creates the result inside ___.”
- “The result is not magic. It comes from these 3 moves.”

PRE-SELLS

METHOD | BELIEVABILITY

CTA

Ask which part of the mechanism is currently missing.

14 FEATURE → OUTCOME

VALUE REFRAME

PROMPT

Take one feature of your offer and translate it into the practical change it creates in the client’s work, decisions or life.

HOOK STARTERS

- “You’re not buying ___ calls. You’re buying ___.”
- “This feature exists for one reason: ___.”

PRE-SELLS

VALUE | OFFER CLARITY

CTA

Choose one feature and rewrite it as an outcome.

15 WHY IT’S BUILT THIS WAY

BEHIND THE OFFER

PROMPT

Explain why your offer is sequenced, delivered or supported the way it is. Turn structure into evidence of intentional design.

HOOK STARTERS

- “There’s a reason we don’t start with ___.”
- “We designed ___ this way because...”

PRE-SELLS

INTENTIONALITY | TRUST

CTA

Invite them to look for the logic behind the structure, not just the deliverables.

OFFER DESIRE

Do not make the offer louder. Make the reason to choose it easier to understand.

16 THE JOURNEY MAP

PROCESS MAP

PROMPT

Map the stages someone moves through from current problem to desired outcome. Show that transformation has a path, not a single leap.

HOOK STARTERS

- “Most people try to jump from A to D.”
- “The part between ___ and ___ is where results are usually won.”

PRE-SELLS

PROCESS | CERTAINTY

CTA

Ask them which stage they are in now.

17 THE COMPARISON KILLER

POSITIONING POST

PROMPT

Choose one meaningful dimension where your approach is fundamentally different from the default alternatives - and explain why that difference matters.

HOOK STARTERS

- “If you compare this by price alone, you’ll miss the point.”
- “We are not another ___. Here’s the difference that matters.”

PRE-SELLS

DIFFERENTIATION | VALUE

CTA

Invite people to compare approaches using that dimension instead.

18 THE MOMENT OF USE

SCENARIO POST

PROMPT

Put the buyer inside a real-life moment where your solution changes what they are able to decide, do or avoid.

HOOK STARTERS

- “Picture this: it’s ___ and instead of ___, you can ___.”
- “This is the moment this work becomes valuable.”

PRE-SELLS

DESIRE | SPECIFICITY

CTA

Ask which moment they want to change most.

BUYER CONFIDENCE

Reduce the internal risk of saying yes. Confidence is a sales asset.

19 SOMEONE LIKE ME?

RELATABLE CASE

PROMPT

Tell a client story that starts with imperfect conditions - limited time, small audience, uncertainty or a messy starting point - and shows what actually mattered.

HOOK STARTERS

- “They did NOT start with ___.”
- “The reason this worked had nothing to do with being perfectly ready.”

PRE-SELLS

SELF-BELIEF | PROOF

CTA

Name the minimum condition that did matter.

20 THE READINESS REFRAME

READINESS POST

PROMPT

Define what “ready” really means for your offer. Separate genuine readiness signals from perfectionist prerequisites people invent for themselves.

HOOK STARTERS

- “You do not need ___ before you start.”
- “You are probably ready when these 3 things are true.”

PRE-SELLS

READINESS | CONFIDENCE

CTA

Give them a simple yes/no readiness check.

21 OBJECTION BEFORE OBJECTION

OBJECTION PREEMPT

PROMPT

Take one common hesitation and answer it before the buyer has to raise it - without becoming defensive or trying to overpower the concern.

HOOK STARTERS

- “If you’re thinking ‘but I don’t have time…’ read this.”
- “A fair question before investing in ___ is ___.”

PRE-SELLS

RISK REDUCTION | TRUST

CTA

Close with the decision criterion you would use yourself.

BUYER CONFIDENCE

The best content does not pressure a decision. It makes the right decision easier to make.

22 WHO SHOULD NOT BUY

FIT POST

PROMPT

State clearly who your offer is not designed for. Use exclusion to increase trust, fit and confidence for the people it is designed for.

HOOK STARTERS

- “Please don’t buy this if ___.”
- “This works best for people who are willing to ___.”

PRE-SELLS

FIT | DECISION SAFETY

CTA

Invite prospects to self-select rather than persuade themselves.

23 BEHIND THE RESULT

PROOF BREAKDOWN

PROMPT

Take a strong result and show the actions, consistency, choices and support behind it. Remove fantasy without removing possibility.

HOOK STARTERS

- “Here’s what the result screenshot doesn’t show.”
- “The outcome looks simple. The process looked like this.”

PRE-SELLS

REALISM | TRUST

CTA

Ask whether they are willing to do the part the screenshot cannot show.

24 THE FIRST MOVE

ACTION POST

PROMPT

Give the buyer one useful action they can take before they ever work with you. Make the next step smaller, clearer and more achievable.

HOOK STARTERS

- “Before you buy anything, do this first.”
- “Your first move is not ___. It’s ___.”

PRE-SELLS

MOMENTUM | CONFIDENCE

CTA

Invite them to take the step and notice what becomes clearer.

IMPLEMENT

Build your pre-sold week.

Choose one prompt from each category. Keep the sequence. Change the format. Make the ideas yours.

01 AUTHORITY

Build trust before the pitch.

PROMPT # FORMAT

HOOK / ANGLE

CTA

02 PROBLEM

Help them recognize what is really happening.

PROMPT # FORMAT

HOOK / ANGLE

CTA

03 OFFER

Make the solution easier to want.

PROMPT # FORMAT

HOOK / ANGLE

CTA

04 CONFIDENCE

Remove the hesitation that keeps them waiting.

PROMPT # FORMAT

HOOK / ANGLE

CTA

BEFORE YOU POST

Ask: “What belief should this piece change before the prospect reaches my offer?”

If you cannot answer that, the content probably needs a sharper job.
