YES #3 · WHY NOW?

Sales

Good sales creates clarity. Structure the path so the right person can make a confident decision.

THE DM → CALL → CLIENT PATH

SIGNAL — CONVERSATION — DIAGNOSIS — RECOMMENDATION — DECISION — FOLLOW-UP

The signal / trigger I want to respond to more intentionally...

The diagnostic questions I need to ask before I pitch...

My recommendation in one clear sentence...

The decision / next step I will invite...

An objection I hear often — and what it may actually be telling me...

THE FOLLOW-UP LOOP

CONTEXT → VALUE → DECISION

Write the message you can actually send after your next sales conversation.

SALES TAKEAWAY

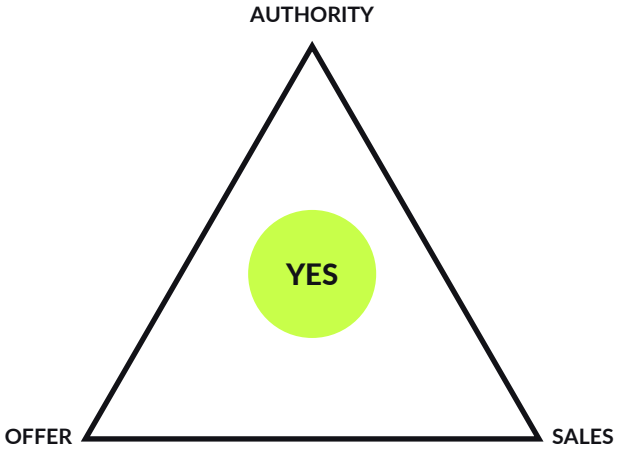

Confidence comes from structure, not scripts.
